Course Description

Surgical techniques are rapidly evolving with the advancement of technology and research. This one-day course will cover a variety of surgical presentations to give updated information including lateral ankle repair, hip impingement, massive shoulder repair, and advanced shoulder instability. The course will also cover advancement in pharmaceutical pain management in post-operative patients and addressing fear avoidance with return to sport.

Objectives

+ Identify and discuss recent advancements in orthopedic surgical interventions for the upper and lower extremities, specifically the shoulder, hip, and ankle.

+ Review the implications that surgical advancement has on rehabilitation protocols and identify treatment most appropriate for the procedure.

+ Understand compounding factors in post-surgical rehabilitation including pain perception, pain management, and fear avoidance in return to activity.

+ Perform and implement current mobilization and intervention techniques for the athletic shoulder and hip.

Target Audience

This course is intended for physicians primarily in orthopedics, physical therapists and assistants, and athletic trainers that work with patients following surgery.

Vendors

We would like to thank our vendors, Alter G, Woodway, Stryker, DePuy Synthes Mitek, Arthrex and others pending for their support of the Aurora BayCare Current Concepts in Sports Medicine Symposium. You will be able to virtually chat with our vendors during breaks and lunch.

Lecture Notes

Lecture and lab notes will be available via Microsoft Teams.

For More Information

For registration questions contact Jackie Goddard at 920-288-5489 or email jacklyn.goddard@aah.org

Advocate Aurora Health subscribes to the articles of Title III of the Americans with Disabilities Act of 1990. Should you or anyone accompanying you require special assistance, please notify us by contacting 920-288-5489.

Cancellations

Refund requests must be made in writing to Tracy Reynolds at tracy.reynolds@aah.org by April 15, 2021. No refunds will be made after that time or in the case of non-attendance. Refunds for cancellations will be processed after the symposium.

The symposium reserves the right to cancel the event due to insufficient attendance, weather or any other unforeseen event. In case of cancellation, a refund will be made after the event.

Location

Symposium will be held virtually through Microsoft Teams.

It is the policy of Advocate Aurora Health Continuing Medical Education Office to ensure balance, independence, objectivity, and scientific rigor in all of its sponsored education activities. All participating faculty, course directors, and planning committee members are required to disclose to the program audience any financial relationships related to the subject matter of this program. Disclosure information is reviewed in advance in order to manage and resolve any possible conflicts of interest. All faculty and planning committee members have attested that their financial relationships do not affect their ability to present well-balanced evidence-based content for this activity. Specific disclosure information for each course faculty will be shared with the audience prior to the faculty's presentation.
