Paramedic Refresher Courses Available

UW Health’s Emergency Education Center has openings in two Paramedic refresher courses. Both are taught through a hybrid model.
making it more convenient for you -- half of your coursework is online and half in person.

Critical Care Transport Refresher
The course satisfies Wisconsin Critical Care Paramedic refresher educational hours. With a hybrid model of teaching, the course has both online and in-class education.

Registration has been extended, and online material will be ready March 1.

In person classes are April 23 and May 7, 2020.
